25X1

Transportation, Communications, Utilities, Party Offices, Factories

25X1

Main Railroad Station. Completely reconstructed after the war into a modern concrete building.

25X1

West Railroad Station. This station, which was constructed in 1929 for the purpose of serving the exhibition area, is part of the main station to which it is connected by a tunnel that runs under the railroad tracks and platforms.

Garbary Station. Station for suburban trains and stop trains of the Bydgoszcz-Gniezno-Wagrowiec-Warsaw line. This station is also used as an auxiliary freight station, and it serves the port on the Warta River.

East Poznan Station. Railroad junction for eastbound and northbound trains.

Poznan-Gorzyn Station. Station for westbound suburban trains to Opalenica and Zbaszyn.

Poznan-Debiec Station. Station on the southbound line in the direction of Czempin and Rawicz, and on the westbound line to Grodzisk Wielkopolski.

25X1

Staroleka Station for eastbound trains to Srod<sup>1</sup>, and used as a freight station for the industrial enterprises of Staroleka. At present it is also an auxiliary freight station for the suburb of Franowo.

: Franowo Station, which is a freight yard and classification yard, constructed by the Germans during World War II for east bound military trains. It is used to relieve congestion of the Poznan station. The station area starts at northeast Staroleka and continues to the Antoninek station which is located on the Poznan-Warsaw line, and to the Poznan-Gniezno line. The station has 40 tracks.

25X1

: Main freight yard located near the Poznan main passenger station. It serves the entire city and is technically well equipped. Installations are modern, and consumer goods are rapidly loaded and unloaded.

25X1

: Railroad repair shops for the repair of all railroad equipment and locomotives. There are two large sheds with turntables, modern installations and equipment to handle major repair work on locomotives.

Railroad directorate for the Poznan region located on ul. Marchlewskiego. Other offices of this directorate are located in old buildings at the corner of ul. Kosciuszki and ul. Chodoba.

Suburban bus depot of the State Motor Transportation (Panstwowa Komunikacja Samochodowa - PKS) located at Plac Drweskiego. The depot was constructed in 1934-1935, and is the terminal for all suburban bus lines. The directorate for this transportation enterprise is located at ul. Wierzbice 5.

Directorate for trolley cars and buses.

Trolley car repair shop.

Garage and bus repair shop.

River Port. This port is equipped with concrete transshipment platforms and installations. There is an approach to the port for vehicles by way of ul. Szyperska. In the near future the port will be transferred to the eastern arm of the Warta River between Ostrow Tumski and Srodka.

Polish Post, Telephone and Telegraph (Polska Poczta, Telegraf i Telefon - PPTiT). Main office located on the corner of ul. Lutego 23 and ul. Marcinkowskiego.

PPTiT district No. 2.

PPTiT No. 3, Plac Wiosny Ludow.

25X1

PPTiT No. 4, ul. Wioslarska.

PPTiT, Rynek Jezycki.

PPTiT No. 9, ul. Tadeusza Kosciuszki.

PPTiT No. 14, ul. Warszawska.

PPTiT No. 15, ul. Dabrowskiego.

PPTiT No. 19, Zegrze.<sup>3</sup>

PPTiT No. 22, Rynek Srodecki.

Electric power plant. The plant was seriously damaged during the war and has been reconstructed and enlarged since 1952. Two special boilers, fired with coal dust, and a turbo-generator were installed. The plant supplies current to the city and environs, and is also part of the network of high-voltage transmission.

Gas works and water tower reconstructed and completely modernized after the war.

Water pump system and piping for the city on ul. Tama Garbarska.

Filter station.

Garbage incinerator plant, and a plant which manufactures paving stones from slag.
